

143-30 Series

Clearstream Jet

Function:

The **143-30 Series Clearstream Jet** creates a clean, smooth stream of water. Like our other Clearstream Jets, this model is adjustable to 15 degrees off vertical allowing flexibility in patterns of spray and throw. With spray heights reaching 100', the 143-30 Series allows for versatile settings and configurations. This series is available in four orifice sizes, 7/8", 1", 1-1/8", and 1-1/4", with 3" NPT or Solder connection.

Key Features:

- 3" female NPT or Solder connection inlet.
- Four orifice sizes available: 7/8", 1", 1-1/8", and 1-1/4".
- Adjustable to 15 degrees off vertical.
- Machined from high-quality, noncorrosive brass.
- **Water level independent.**
