

419 Series

Light Fixture

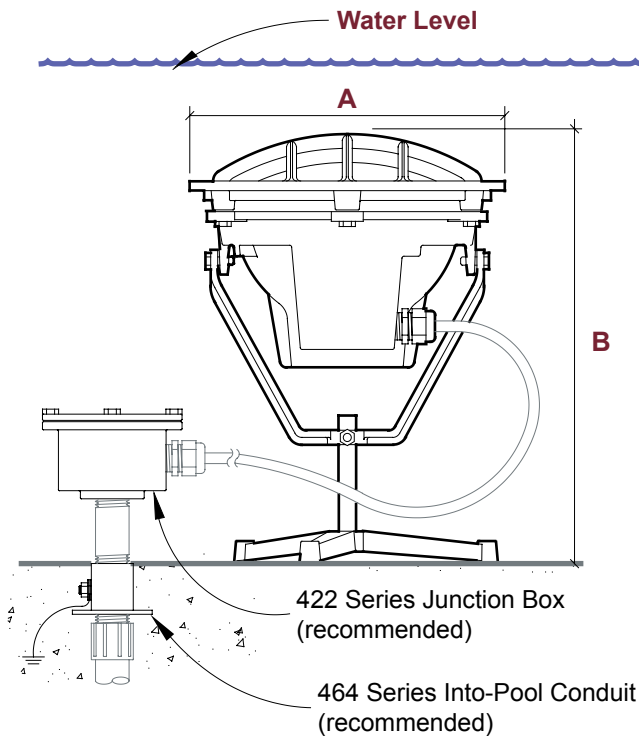

Function:

The **419 Series Submersible Light Fixture** is a free standing fountain light that provides 1,000 watts of illumination. The fixture accepts a PAR 64, mogul-end prong, 120 volt, 1000 Watt lamp which must be purchased separately.

#419-5 Submersible Light:
Uses PAR 64, 1000 Watt, 120 Volt lamps.

#419-6 Submersible Light:
Same as #419-5 with the addition of a brass swivel yoke, stem, and tripod assembly.
