

Function:

The **720e-Bronze Series Cartridge Filter ePAD** is our most economical sand filter system available. Made using schedule 40 PVC piping, ball valves, and fittings, it features high quality components and reliable construction.

- Standard system includes selected pump size and sand filter.
- Fill / Level Manifold and Brominator are separate, optional items.
- Control panel requirements vary depending on pump selection. A control panel is required for all systems.

Shown with optional brominator.
